

ONLINE DESIGN SUPPORT GUIDE FOR

**We'll get your 2020 designs and quotes to you in just
two days.**

HOW IT WORKS

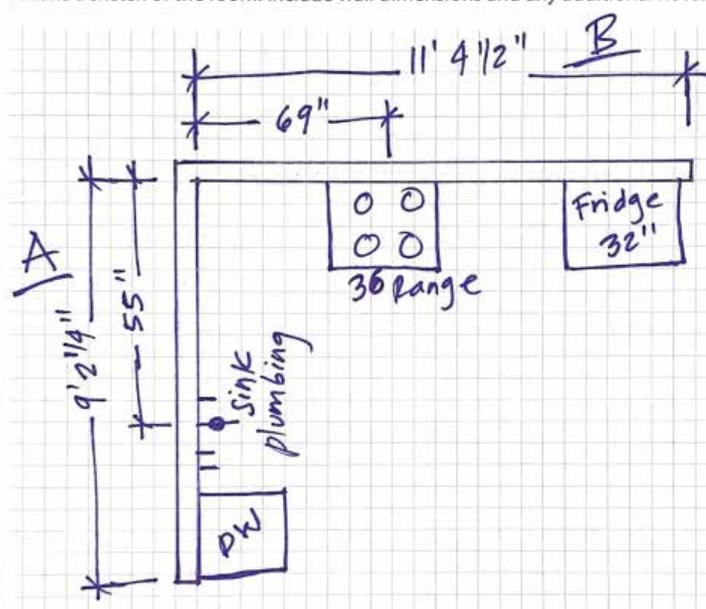

INITIAL DESIGN

- 1 Get the kitchen measurements ready. Then sketch where the appliances and cabinets go. Here's a good example of what works best:

Customer Name: K- Stamps

Ceiling Height: 96" Date: November 17, 2020

Make a sketch of the room. Include wall dimensions and any additional notes.

The sketch shows a kitchen layout on graph paper. Wall A is 9' 2 1/4" long. Wall B is 11' 4 1/2" long. A 36" range is positioned against Wall B, with a 32" fridge to its right. A sink base cabinet is located against Wall A, with plumbing indicated. A dishwasher (DW) is also shown against Wall A. Dimensions for Wall A are 9' 2 1/4" and 55". A dimension of 69" is shown for a section of Wall B. A dimension of 11' 4 1/2" is shown for the total length of Wall B.

Wall #	Length	Notes
A	9' 2 1/4"	36" Sink base cabinet
B	11' 4 1/2"	Range wall and Fridge.

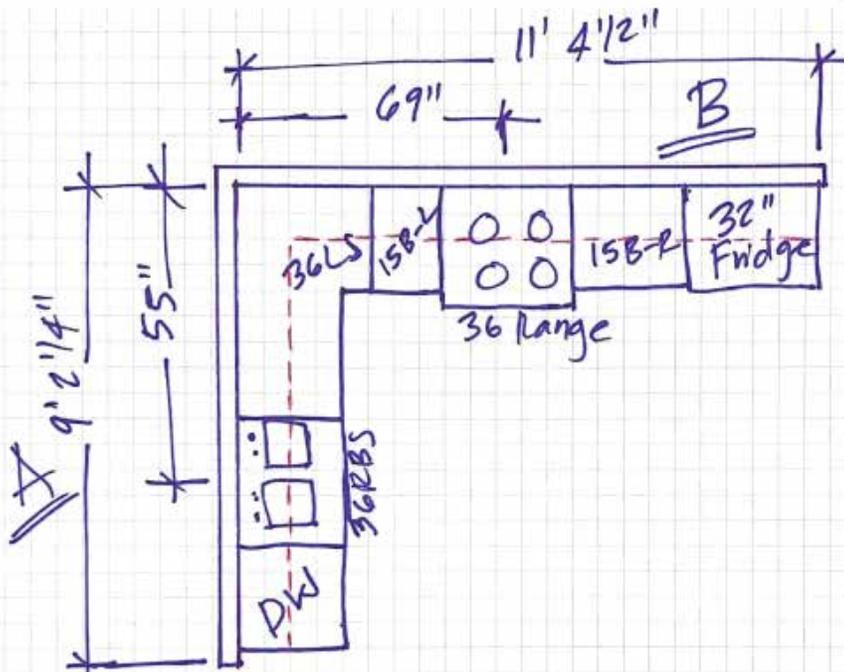

2

Get the measurements ready. We'd like cabinet sizing and codes for these areas. Here's a good example of what your designer can work with:

Customer Name: K- Stamps

Ceiling Height: 96" Date: November 17, 2020

Make a sketch of the room. Include wall dimensions and any additional notes.

— Base cabinets.
 - - - Upper cabinets.

Wall #	Length	Notes
A	9' 2 1/4"	Sink base and DW.
B	11' 4 1/2"	Range and Fridge.

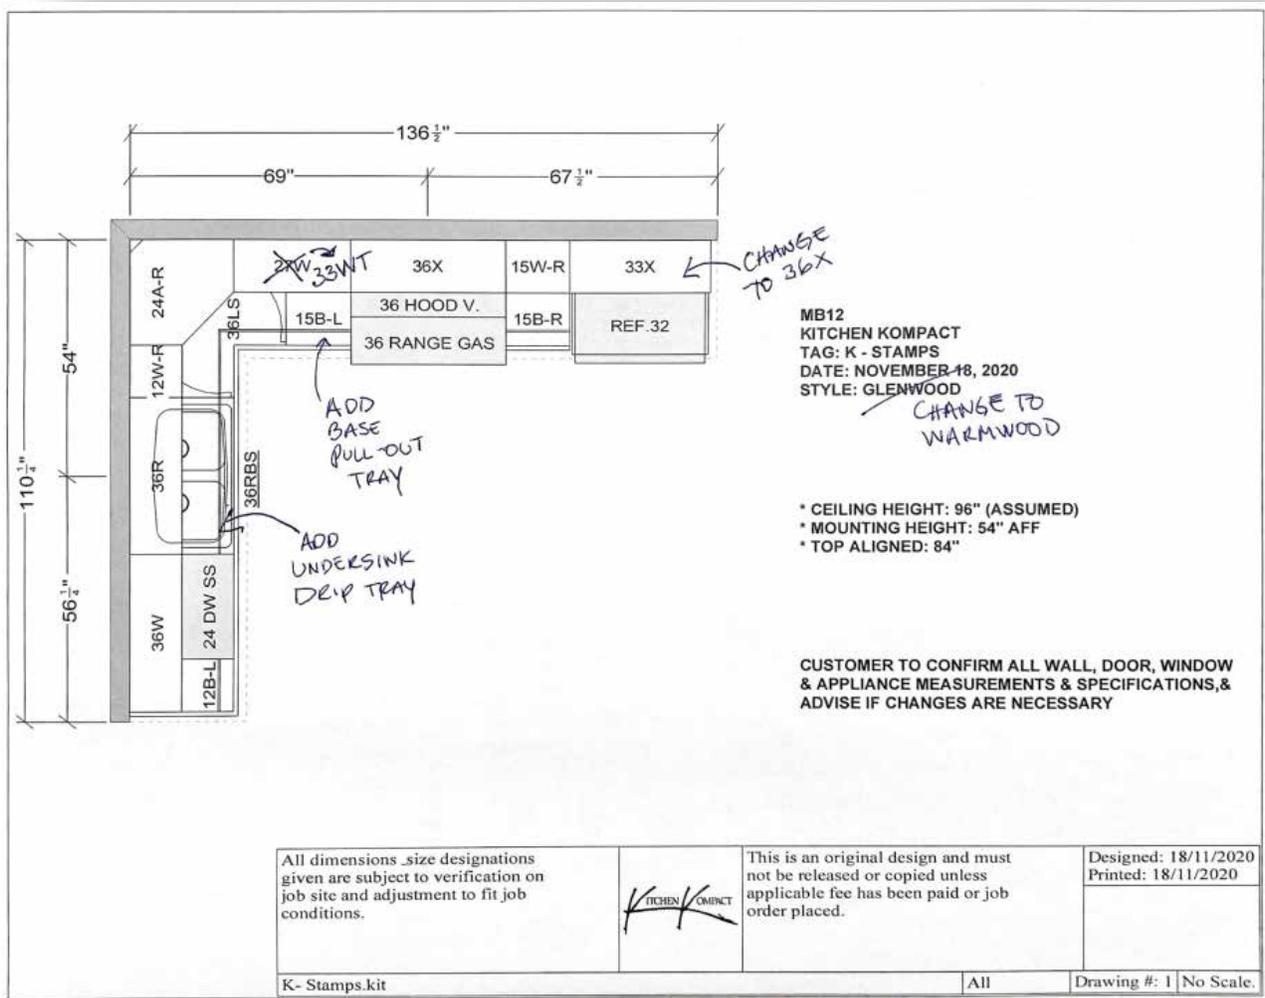

- 3** Either take a smart phone photo or scan the measurements.
- 4** Now begin your online design submittal by clicking “Online Design Support”
- 5** Complete the online submittal for all the rooms to design
- 6** Upload the measurements and cabinet sketches and click SUBMIT
- 7** You'll receive a confirmation with both the design completion date and a design number.
- 8** In two days you'll receive a full design and quote package. The 2020 file is also included for those who'd like to continue designing on their own. Here's what's included in the design package (color drawings, floor plan, wall views with measurements and quote)

:

DESIGN CHANGES

*** One design change is included in this service. Additional changes must be approved by your rep.**

1 Option #1 - sketch any changes on the original floor plan. Take a smart phone pic or scan them.

2 Option #2 - If the changes are simple, then just list them on the online submittal.

3 Click: **DESIGN CHANGE ONLY** and enter the design number from the original design.

4 Upload any plans with design change notes and/or outline the changes on the submittal. Click the **SUBMIT** button.

5 You'll receive a confirmation with the design completion date.

6 In two days you'll receive a full design and quote package. The 2020 file is also included for those who'd like to continue designing on their own. Here's what's included in the design package: (color drawings, floor plan, wall views with measurements and quote)
